GETTING STARTED

Click on **Search Local Catalogue** to search for Durack Institute resources.

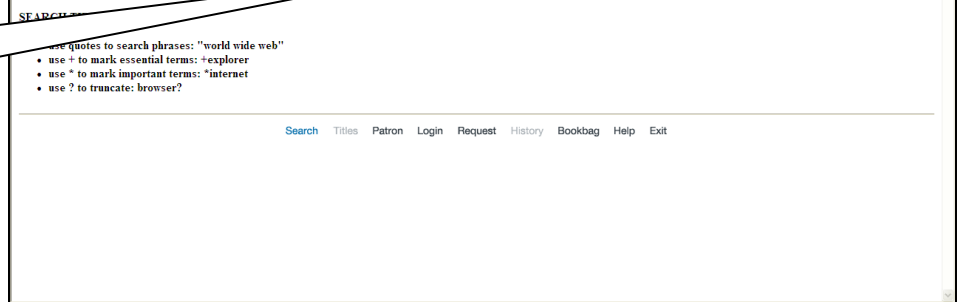

1. Enter your search term/s in the **Search For** box

2. Select the type of search you want to do

3. Click on the **Search** button to start your search

SEARCH OPTIONS

- **Find All My Words**
 - Will search for records containing all your search words
- **Find Any Of My Words**
 - Will search for records containing any of your words, not necessarily together
- **Title Keywords**
 - Use when you know some of the words in a title
- **Exact Title (omit The, A An)**
 - If a title has these articles at the beginning, enter your title without these. It will then search exactly as entered.
- **Journal Title**
 - Enter the words of the journal title you are looking for.
- **Author**
 - Enter surname followed by an initial or given name i.e. Smith Wilbur
- **Subject**
 - Searches subject fields in records. This is only suitable for those familiar with library subject terms.

VIEWING YOUR RESULTS

1. Your search request and number of results is shown here

2. Titles are displayed here. The number of stars indicates the relevance of the title to your search request. More stars, greater relevance.

3. Click on the title or number at the left to see more details about an item and a short record with holdings will display.

4. OR Click on **Next** to view the next page of results

The screenshot shows a library search interface. At the top, there are navigation links: Search, Titles, Patron, Login, Request, History, Bookbag, Help, Exit. Below this, the search request is displayed: "Search Request: Keyword = human anatomy" and "Search Results: Displaying 1 through 10 of 38 entries." A search bar contains "human anatomy" and a dropdown menu is set to "Find All My Words". There are "Submit" and "Reset" buttons. Below the search bar, there are pagination controls: "10 records per page", "Previous", "1", "11", "21", "31", and "Next". A "Relevance" dropdown is set to "Relevance" and a "Post Limit" button is visible. The main results table has columns: #, Format, Relevance, Title Long, Author, Date, and Cover. The table lists four book entries with their respective relevance stars and cover images.
